[illegible]

Figure 1-10 shows the pin connection diagram for the TP201~TP204 test points. It includes two pin headers, J201 and J202, connected to VCC and VSS. The connections are as follows:

- J201: Pin 6 to P400, Pin 5 to P401, Pin 4 to P402, Pin 3 to PC15, Pin 2 to NC, Pin 1 to VSS.
- J202: Pin 6 to P514, Pin 5 to P715, Pin 4 to P714, Pin 3 to P515, Pin 2 to NC, Pin 1 to VSS.

A legend on the right indicates the connections for the test points:

- TP201: P210
- TP202: P211
- TP203: P210
- TP204: RESET

A note below the legend states: "1.25mm间距测试点 顺序不要打乱" (1.25mm pin pitch test points, order should not be disturbed).

如果使用USB HS，主晶振只能选12/20/24/48MHz
